ABOUT THE CONFERENCE:

Established in 2007 by **Dr. B R Nammalwar** and **Dr. M Vijayakumar**, and continued as NEPHKIDS since 2016 under the leadership of **Dr. Sudha Ekambaram**, this CME (Continuing Medical Education) program specializes in Pediatric Nephrology. It aims to revisit foundational aspects of diagnosing, evolving, and treating common kidney ailments in the community. The conference serves as a pivotal platform for discussing recent advancements and best practices in pediatric kidney disease treatment, featuring clinical analyses of unique and challenging cases.

Targeting Pediatricians and trainees in Pediatric Medicine, Pediatric Nephrology, Pediatric Intensive Care, and Adult Nephrology, the conference emphasizes the criticality of early diagnosis and intervention in pediatric kidney conditions. Over the years, we have dedicated significant efforts to ensuring the success of this event and invite your active participation in making this year's conference a triumph.

Since 2017, the Dr. M Vijayakumar Medal Exam honors the late Dr. M Vijayakumar's vision to advance knowledge in Pediatric Nephrology. Supported by Dr. Vijayakumar's family members and Kids Kidney Care, this exam wishes the best to Pediatric Postgraduate students participating.
